

Local Produce of Budjak

Cimislia Fruits Quality Certificate FORM

This document outlines and provides evidence of the excellence of the products available under

the Quality Certification of Cimislia Fruits Incubator.

These products are unique and locally sourced, and this form aims to demonstrate their high quality.

Form created under project *Fruits from Budjak: from the farmer to the table. Polish practices and European Union legislation supporting local development based on high-quality agriculture and processing of local products*

The issuance of the certificate is contingent upon the approval of the Director
of the Incubator.
